

After School and Saturday Immersion Programs

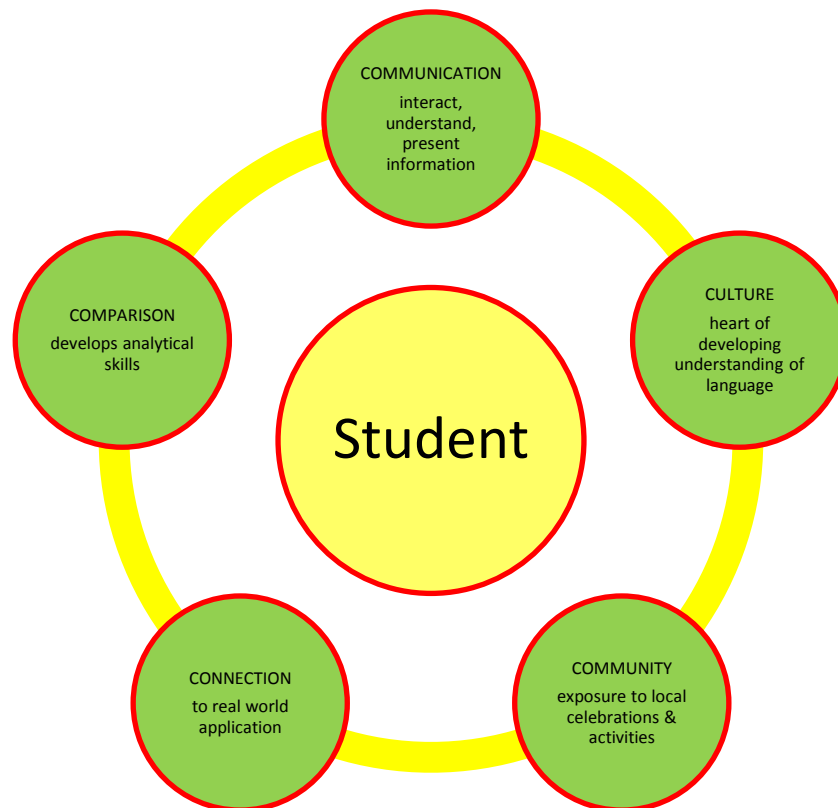

Spanish Language Track

Jump! Immersion After School and Saturday Programs give your child the Global advantage!

Our After School and Saturday Programs provide the foundation necessary for your child to become fluent in Spanish; your child's path to the Global advantage!

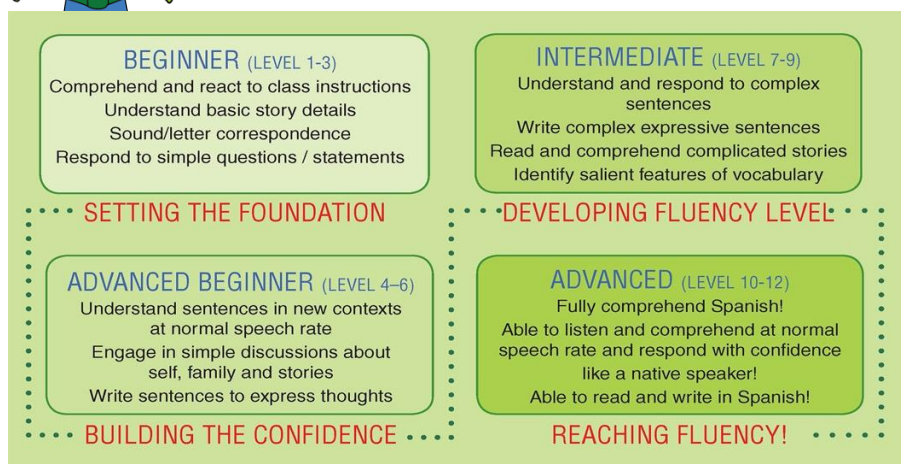

What differentiates our programs from in-school classes and other independent language programs is our approach and teaching philosophy.

Jump! Approach: We approach the language acquisition process using the World Readiness Standards for Learning a Foreign Language:

Jump! Teaching Philosophy: We understand that children learn at different paces and through different modalities (visual, tactile or oratory). Each child is assessed in the classroom to determine their language comprehension level and their preferred learning method. We use small / flexible class sizes which allow the teachers to develop a tailored experience to ensure that each student acquires the language skills necessary to continue to progress in our Spanish program!

The Jump! After School and Saturday Programs utilize our copyrighted, proprietary L.E.A.P. material. The L.E.A.P. curriculum is designed to establish the foundation for language fluency. Please see below for the L.E.A.P. program outline:

The After School and Saturday Programs run on a nine month schedule as consistency is required for success. Consistency requires a year-long commitment. Our suggestion is to provide your child with the After School and Saturday program from September to June and then have them join us for our fun filled Summer Camp program. This is the most effective way to ensure Spanish fluency and continuity. The more you go! The more you know!

Tuition Structure:

Days of the Week	Tuition
Tuesdays	\$1,500 / year or \$145 / month
